SUBJECT INDEX

Air Velocity at the face of the Grille, Measurement of, 86
Building Automation, Environmental Controls and, 123
Building Engineering Services at the New Charing Cross Hospital (Fulham)
By E. L. Hunt, FIHVE, MConsE 41
Building Services, International Co-operation and Liaison in the field of, 119
Building Services Design, The Use of Extreme Value Theory as an aid to, 253
Building Services Engineering Contracting in Europe
By F. A. Pullinger CBE MA CEng FIMechE PPIHVE 107
Building Services Engineering Research and the European Scene
By J. B. Dick MA BSc FInstP FIHVE FIOB 113
Building Team in Germany, The Organisation of the, 101
Calculation of Design Loads for Utility Services in Buildings, A Rational Approach to, 1
Charing Cross Hospital, Building Engineering Services at the new 41
Clothing Fabrics, Thermal Insulation Properties of 71
Comfort, Field Studies of Thermal, 5
Comfort, Overhead Radiation and, 259
Computation of Energy Conservation Options—the next stage after cooling load programs?
By A. Iqbal MPhil, CEng, MIMechE, MIHVE and J. K. Newlin MS MS (MechE) MS indE 181
Computers, Getting Started in, 259
Contracting in Europe, Building Services Engineering, 107
Degree Days
By Jack Peach BSc CEng FIMechE FCIBS FIEE 213
Design by Computer of District Heating Mains Systems, The
By D. Fitzgerald, MA, MSc, PhD, CEng, MInstF, MIHVE, MASHRAE and W.G.H. Wye, CEng, MIEE 24
Design Loads for Utility Services in Buildings 1
Designing Controllable HVAC Plants
By D. M. Lush BSc (Eng) CEng MIEE MIHVE 235
Desirable Temperatures in Dwellings
By M. A. Humphreys BSc DipEd 176
District Heating Mains System, The Design by Computer of, 24
Double Glazing, Temperature Distributions in, 250
Energy Conservation Options, Computation of, 181
Energy Demand and Consumption—Establishing Targets
by Jack Peach, BSc, CEng, FCIBS 191
Engineering Services in Buildings, Past, Present and Future Trends in the Design of, 156
Environment for Tobacco and, The Hartcliffe Project of WD HO & WILLS
By F. H. Lane, CEng MIMechE MIHVE 145
Environmental Controls and Building Automation
By W. F. Chapman BA MIHVE VDI MASHRAE 123
Europe, The Hidden Barriers to Trade in, 95
Extreme Value Theory as an aid to Building Services Design, The Use of, 253
Field Studies of Thermal Comfort Compared and Applied
By M. A. Humphreys, BSc, DipEd 5
Germany, The Property Services Agency Operating with British Forces in, 131
Germany, The Organisation of the Building Team in 101
Getting Started in Computers
By P. A. Warburton, MCIBS 259
Grille, The Measurement of Air Velocity at the Face of the, 86
Hartcliffe Project of W. D. & H. O. Wills, The, 145
Heat Pumps and Housing
By R. D. Heap BSc AFIMA 81
Hidden Barriers to Trade in Europe, The
By R. E. Ayers 95
Hospital Wards, Odour and Ventilation in, 265
Housing, Heat Pumps and, 81
HVAC Plants, Designing Controllable, 235
Institution of Heating and Ventilating Engineers:
Annual General Meeting 71
Benevolent Fund AGM 76
Extraordinary General Meeting 75
Presidential Address 29
International Co-operation Presidential Address
By A. W. Loten, BA(Cantab) CEng, MIMechE, FIHVE 29
International Co-operation and Liaison through the medium of standardisation
By Olle Sturen 119
Longwave Radiation Incident upon the External Surface of Buildings, The
By R. J. Cole BSc PhD FRMetS 195
Measurement of Air Velocity at the Face of the Grille, The
By R. C. Legg MPhil MIHVE 86
Measurement of Water-Flow Noise in Copper and ABS Pipes with various Flow Velocities, Some
By E. F. Ball, BSc and C. J. D. Webster, BSc (Eng), CEng, MIMechE 33
Mechanical Services Inastllations, Wiring Diagrams and, 272
Noise in Copper and ABS Pipes, Measurement of Water Flow, 33
Odour and Ventilation in Hospital Wards
By R. M. Smith BSc and A. Rae BSc 265
Organisation of the Building Team in Germany
By Klaus Daniels and Friedrich Wagner 101
Overhead Radiation and Comfort
By D. A. McIntyre ME PhD MIHVE 259
Past, Present and Future Trends in the Design of Engineering Services in Buildings
By R. E. Tully, CEng., FIMechE, FIHVE MASHRAE, FIP, MConsE 156
Performance of a Total Heat Recovery Wheel applied to Swimming Pools
By G. G. Bogh, CEng, MInstF, MIHVE, FIPlantE 50

AUTHOR INDEX

Pneumatic Systems for Automatic Refuse Collection in Residential Areas
By C. Cederholm BSc and M. J. Arnold BSc MIHVE 171

President (Mr A. W. Loten)
Presidential Address: International Co-operation 29
Induction 71

Property Services Agency operating with British Forces in Germany, The
By A. J. Aveling CEng MIMechE MIEE MIHVE 131

Radiation and Comfort, Overhead, 226

Radiation Incident upon the External Surface of Buildings, The Longwave, 195

Rational Approach to the Calculation of Design Loads for Utility Services in Buildings, A
By E. M. McKay, MSc, PhD, CEng, MIEE, MInstP 1

Refuse Collection in Residential Areas, Pneumatic Systems for, 171

Research and the European Scene, Building Services Engineering, 113

Simplified Multiple Harmonic Fourier Method for Calculating Periodic Heat Flow through Building Fabrics, A
By M. B. Ullah, BSc (Eng), MSc, PhD, and A. L. Longworth, MScTech, PhD, CEng, MICE, FInstF, FIHVE 53

Smoke Control, Testing and Pressurisation System of, 207

Sprinkler Systems Engineering Part II
By J. L. Pring FIHVE 218

Standardisation, International Co-operation and Liaison through the medium of, 119

Swimming Pools, Performance of Total Heat Recovery Wheel applied to, 50

Temperature Distributions in Double Glazing with Aluminium and Timber Frames and their effects on U-values
By M. Barnett BSc MInstP 250

Temperatures in Dwellings, Desirable, 176

Testing & Pressurisation System of Smoke Control—A Fire Test in a New Building
By E. G. Butcher BSc MInstP FIFireE, A. C. Parnell FRIBA FSIA MIFireE DipTO and G. Eastham OBE QFSN FIFireE 207

Thermal Comfort Compared and Applied, Field Studies of, 5

Thermal Insulation Properties of Clothing Fabrics
By P. W. O'Callaghan MSc PhD CEng and S. D. Probert MA DPhil CEng MIHVE 71

Use of Extreme Value Theory as an aid to Building Services Design, The
By M. F. Green PhD 253

Ventilation in Hospital Wards, Odour and, 265

Wiring Diagrams for Mechanical Services Installations
By J. P. C. Pascoe FCIBS 272
